Product	Bentlie seat
Date	November 2015
Weight	80kg approx.
Material	304 grade grained stainless steel 80x10mm thickness FSC Iroko hardwood oiled
Size	L1830 x W450 x H430mm

Fixing guidelines

Below ground or surface mounted (NOT suitable for free standing - must be bolted down securely)
Baseplate pad to bottom of seat legs bolted to below ground concrete foundation via 4No. (2 per leg) resin bonded M10 threaded S/S anchor rods OR surface mounted via bolt through holes in pads.

CONCRETE FOUNDATION AND FIXINGS MUST BE TO OWN ENGINEERS FINAL SPECIFICATION AND APPROVAL

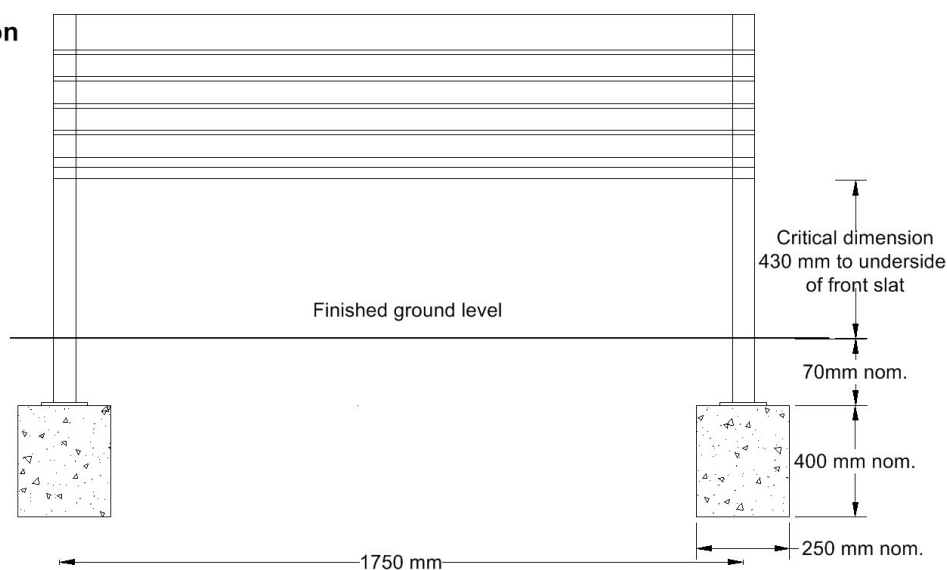

Options

Intermediate armrests, 316 Grade stainless steel, Skateboard deterrents; Electropolished or Powder coated finish; cover plates to conceal grouting.

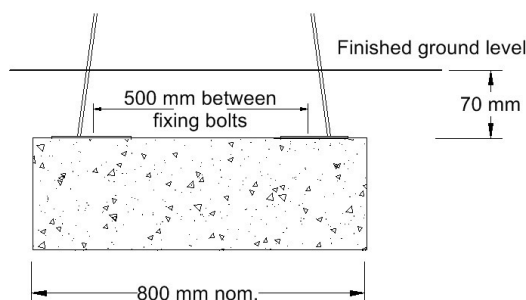

Maintenance

Regularly inspect and assess for safety, operation, function and appearance (SOFA). Carefully check for any loose, broken or defective parts and integrity of the welding and particularly for rocking or lateral movement. Chips to powder coating can be touched up with wet paint to same RAL colour. Consult Street Furniture Works for more extensive refurbishment or repair advice.
