Baseplate to bottom of seat legs bolted to below ground concrete foundation via 8No. (4 per leg) resin bonded M10 threaded S/S anchor rods OR surface mounted with extension plates without holes for stand alone or with holes for surface anchorage.

CONCRETE FOUNDATION AND FIXINGS MUST BE TO OWN ENGINEERS FINAL SPECIFICATION AND APPROVAL

Options

Intermediate armrests, 316 Grade stainless steel, Skateboard deterrents; Electropolished or Powder coated finish; cover plates to conceal grouting.

Maintenance

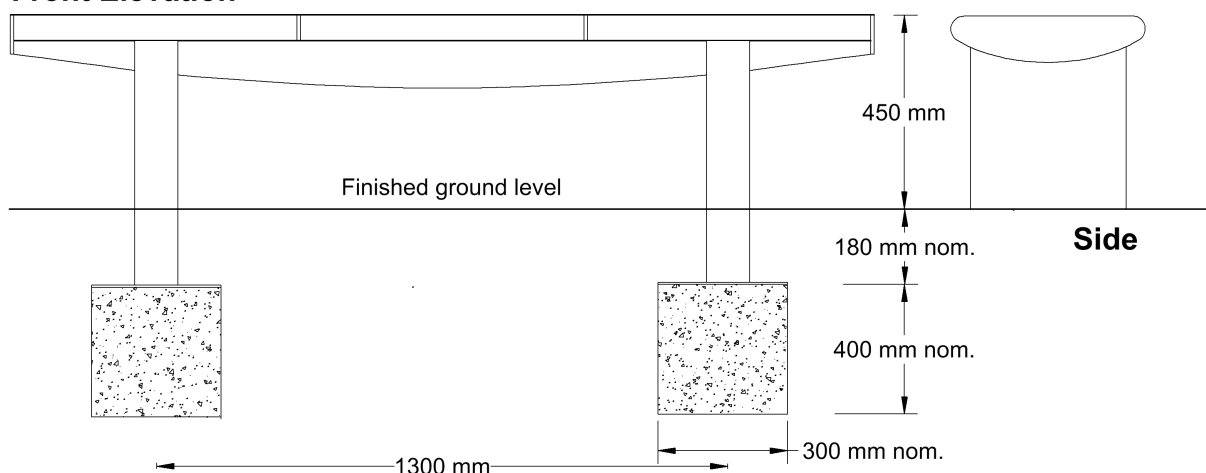

Regularly inspect and assess for safety, operation, function and appearance (SOFA). Carefully check for any loose, broken or defective parts and integrity of the welding and particularly for rocking or lateral movement. Chips to powder coating can be touched up with wet paint to same RAL colour. Consult Street Furniture Works for more extensive refurbishment or repair advice.
