15mm x 80mm black powder coated legs

Fixing guidelines

Below ground baseplate fixing only.

Baseplate to bottom of legs bolted to below ground concrete foundation via 4No. (2 per leg) resin bonded M10 threaded S/S anchor rods.

CONCRETE FOUNDATION AND FIXINGS MUST BE TO OWN ENGINEERS FINAL SPECIFICATION AND APPROVAL

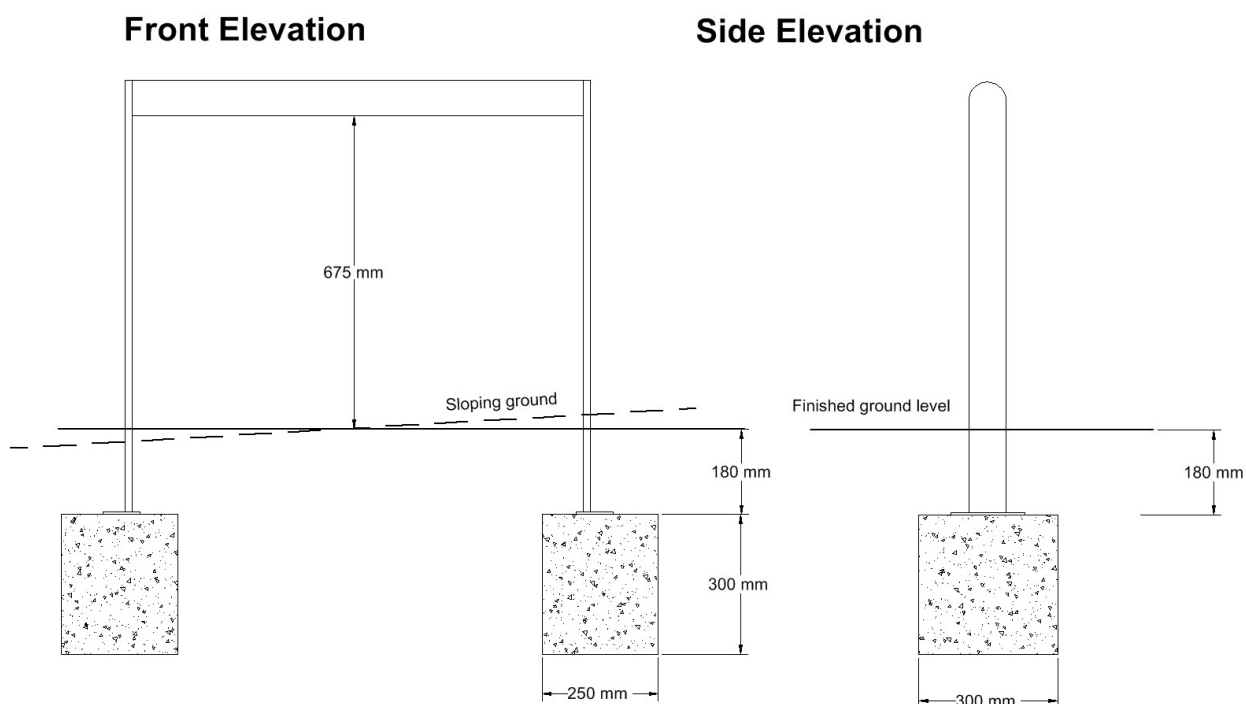

Options

316 Grade stainless steel, Electropolished finish (not available for stands with painted legs), cover plates to conceal grouting, Vinyl visibility banding.

Maintenance

Regularly inspect and assess for safety, operation, function and appearance (SOFA) particularly rocking or lateral movement. Chips to powder coating can be touched up with wet paint to same RAL colour, vinyl banding can be replaced on site if necessary if they become scuffed or snagged. Consult Street Furniture Works for more extensive refurbishment or repair advice.
