|-------------------------|---|
| Product                 | <b>Gr30 Mesh tree grille</b>  |
| Date                    | <b>27/4/18</b>  |
| Weight                  | <b>25kg approx. each half</b>   |
| Material                | <b>Stainless steel or Mild Steel Galvanized</b>   |
| Std External dimensions | <b>Supplied in 2No. halves.<br/>Std 1200mm x 1200mm overall (inc support frame)<br/>or custom made to fit tree size and paving surround</b> |

## Design

The grille is designed to be used in combination with the Sf20 Ground frame.

## Fixing guidelines

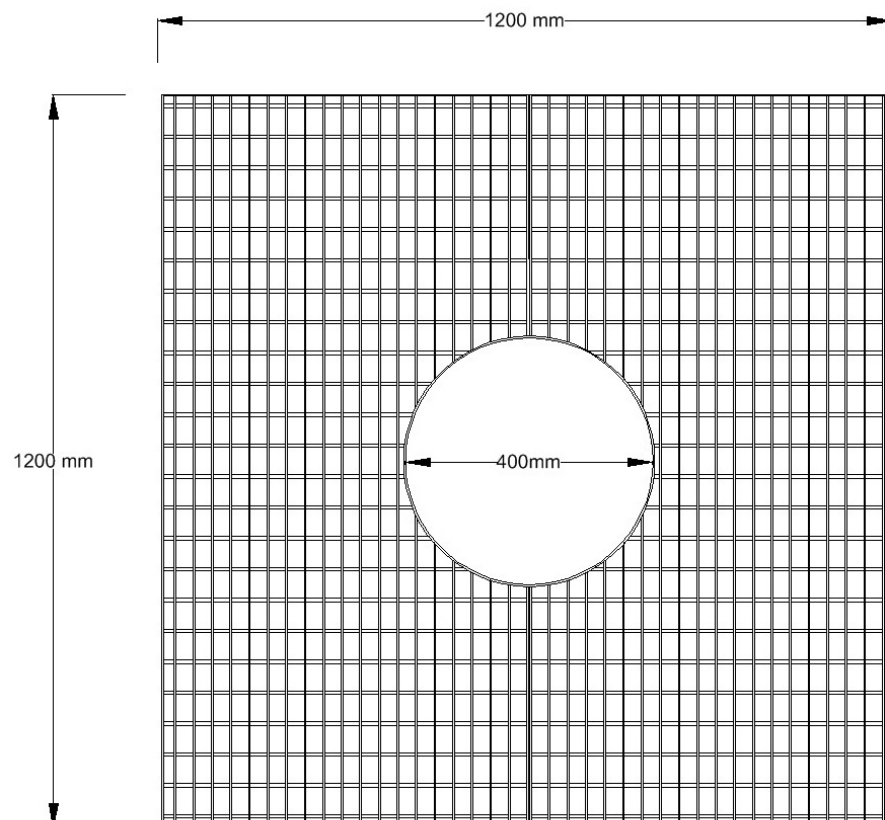

Grilles are fabricated in two halves (to wrap around tree) that are connected. 4 x Clip bolts fixes grille to ground frame.

## Extras

SFWks Tripod tree guards; watering point and floodlight apertures; Powder coating. Different sizes and shapes made to order.

## Maintenance

Regularly inspect and assess for safety, operation, function and appearance (SOFA). Carefully check for any loose, broken or defective parts, integrity of the welding and particularly bolts for tightness of the retaining clips. Consult Street Furniture Works for more extensive refurbishment or repair advice.
